

# NESPRESSO®

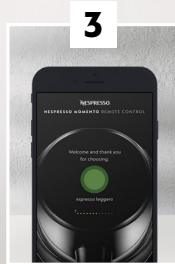

**For a touchless coffee experience, did you know that you can extract your coffee by simply scanning a QR code with your phone?**

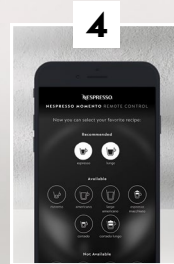

1  
Insert your capsule into the capsule slot.

2  
Scan the QR code shown on the interactive touch screen display with your mobile phone.

3  
Click on the link to open the web page.

4  
Select your coffee style from the highlighted options.

5  
Once your coffee has extracted, take a sip and enjoy a high quality cup of sustainably sourced coffee.
