HOW TO MAKE !

STEP 01 NESPRESSO COFFEE ICE CREAM

- Into a medium saucepan, add the whole milk, double/heavy cream & Nespresso Diavolitto coffee. Bring it to a gentle simmer. 400g Whole Milk 200g Double Cream 3 x Nespresso Diavolitto Capsules - While the cream is heating, add the egg yolks and sugar into a medium bowl, and whisk together just to combine. 120g Egg Yolks (About 6 Large Eggs) 90g Caster Sugar - Once the cream is hot, slowly pour it over the egg yolk mixture whisking constantly. - Pour the mixture back into the saucepan and stir constantly over a medium low heat until it has thickened slightly, and it coats the back of a spoon. Be careful not to overcook it. - Immediately pass the mixture through a sieve and cover the surface with cling film. Chill overnight in the fridge. - The next day, pour the mixture into your ice cream machine and churn it for 20-30 minutes,

STEP 02 MERINGUE SHARDS

- Pre-heat your oven to 95C. - Add 60g egg whites into the bowl of a stand mixer, or a large bowl if you are using an electric whisk. - Whisk on a medium low speed until they become thick and frothy. - Slowly add 60g the caster sugar, 1 tablespoon at a time. Once you have added all the sugar, keep whisking until it reaches a stiff peak. - Place a sieve over the top and tip in the 60g icing sugar. - Fold the mixture together until combined and there is no more icing sugar. - Spread the mixture out onto a baking tray, as thin as possible. You may not need all the meringue so don't lay it on too thick. - Bake for 25 minutes, then turn the oven off and open the door slightly. Let it cool in the oven for 2 hours.

STEP 03 ORANGE & ALMOND STREUSEL

- Add all the dry ingredients to a bowl along with the cold, cubed butter. Mix the ingredients between your fingers, rubbing the butter into the dry, until it forms a breadcrumb-like consistency. 50g Unsalted Butter, Cold 50g Caster Sugar 50g Ground Almonds 50g Plain Flour Zest ½ Medium Orange - Place the mixture into the fridge for 30 minutes or the freezer for 15 minutes. Pre-heat your oven to 185C. - Pour the mixture onto a baking mat and bake for 15-17 minutes, stirring halfway. The mixture should be lightly golden when it's done. Remove from the oven and allow to cool completely.
